WATER-BASED PAINTS

Aware as we are of the importance of safeguarding our natural heritage, we are increasingly committed to its conservation. Consequently, minimizing the harmful effects of manufacturing on the environment has to be the primary objective of today's industry. To this end, Novamobili has devised an exclusive water-based matt lacquering system that TODAY represents the most advanced solution in terms of environmental conservation, health protection and product quality.

PROTECTING YOUR FURNITURE WHILE RESPECTING THE ENVIRONMENT

Painting without polluting the environment is the objective we have achieved, by replacing solvents with water and using emulsified resins in a water-based system. Lacquering furniture with water-based paints reduces the emission of polluting solvents by over 95%. Reducing solvents in water-based paints protects not only the health of those involved in manufacturing, but also of the people who live with the furniture produced; parents will find it reassuring to know that, in compliance with the strict European standard EN 71.3, water-based paints are not harmful when they come into contact with little mouths.

ENVIRONMENTALLY FRIENDLY, AND SO MUCH MORE

Water-based paints, applied with efficient modern equipment, give much better results than traditional paints: the treated surfaces are smooth, soft to the touch and maintain excellent colour brilliance, while producing a finish with exceptional lasting hardness and chemical and physical resistance.

ECOLOGY, HEALTH, ENVIRONMENT

For Novamobili, product quality includes respect for the consumer's health and the environment. For this reason, we use non-toxic foil-wrapped panels to European class E1. The Ecological Panel is made entirely of recycled wood by a quality-certified production process that is environmentally friendly as it does not involve felling trees.

PRINTED ON FSC® PAPER

This product is made from material sourced from responsibly managed forests, FSC® certified forests and other controlled sources.

EAC CERTIFICATION

Novamobili quality is certified in compliance with the Eurasian Union technical regulations

Important warnings

COVERS

Fabric and leather colours can vary in shade from one batch to the next and, consequently, we cannot guarantee that the colour will exactly match the set of fabric samples or pieces manufactured at a later date. Please understand, therefore, that colours on fabric samples or other media are given as a rough guide only.

By confirming the order, the customer accepts said tolerances.

COVER COORDINATION

Please note that backrest, seat and carcass cushions must all be covered in the same choice of fabric/leather. Mixed combinations are not possible unless otherwise specified.

MEASUREMENTS

Given the technical properties of the sofa/ottoman and cushions, overall measurements given on the price list may have a tolerance of +/- 2 cm.

CUSTOM SIZES

We cannot produce custom sizes of any kind.

RH AND LH ARMRESTS

In corner configurations, note that the position of the armrests (RH or LH) is as viewed from in front of the sofa.

CUSTOMER'S FABRIC

Fabric supplied by the customer must be 1,40 cm high and sent to us free of charges. The right side and wrong side must be clearly marked on the fabric. Bear in mind that the amount of fabric required when dealing with anything other than plain colours increases by 15%. We cannot accept complaints made about technical/aesthetic results for products made with fabrics supplied by the customer.

NOTES ON SENDING FABRICS

Lengths of fabric or spare covers can be express couriered at a (net) flat rate of €50.

8. RETURNS

Under no circumstances can we accept returns of cut-to-size products.

Approved returns shall be made on a carriage paid basis and the refund you are entitled to shall be the invoice price minus any amount for deterioration or damage to the materials returned that cannot be attributed to **Novamobili Spa** resulting from transport, packaging, handling of the products or use thereof.

9. RESERVATION OF OWNERSHIP CLAUSE

The purchaser is authorized to sell the goods to third parties as part of its normal business, but in this event, however, it is understood that any payments due to the original purchaser are automatically payable to **Novamobili Spa** until the goods are fully paid for.

In the event of non-payment, **Novamobili Spa** will be entitled, in its absolute discretion, to invoke the reservation of ownership clause and have the goods returned, charging the customer all costs and expenses associated with their disassembly, transport and return, with it being understood that **Novamobili Spa** will still be entitled to claim for further damages.

10. APPLICABLE LAW AND JURISDICTION

The sale contract is governed solely by the laws of Italy.

The parties submit to the exclusive jurisdiction of the Italian Court, more specifically the Court of Treviso, for the purpose of any dispute arising out of or in connection with the sale contract and, in general, business conducted with **Novamobili Spa**.
