VERSIONS	TYPE	VERSIONS	TYPE	DIMENSIONS
264	Electro-welded - Double folding	264	GREENPLUS	W L H 140 193 14

**GREENPLUS** GREENPLUS mattress is a patented, innovative product. It is ecological, made up of microporous elastomers. It has a great adaptation capacity to the various body pressure which gives big support to the spine. It is antibacterial and no-allergic.

NOTES

- Stitching on model is based on the color of the welt; even on versions without welt (i.e. pouf, corner, armless chair) the second covering needs to be entered in Nares so that the stitching will be the same as the rest of the sofa.
- The model has external soft touch buttons on the arm to activate the mechanism.
- Version 010 ottoman is available only with comfort standard.
- A battery pack can be ordered with its own version code 830. For order entry please use XX for category and XXX for cover code. In order to optimize the duration of the battery, it is suggested to order one per each motion seat.
- All arms, back and seat surfaces are covered in Top Grain.
- This model is available with split leather exterior covering (Side, Rear and Front Panels)
- Tight Seat Cushion (the seat cushions of the models are fixed to the frame)
- Tight Back Cushion (the back cushions of the models are fixed to the frame)
- No Leather/Fabric Side (the sectional pieces have the side covered with lining and not leather nor fabric)

NOTES

- Model is available with contrast welt (or any another decorative detail such as a band under arm cushion) to be entered as second covering in the same category.
- Contrast stitching option is available only when the sofa is monocoloured meaning 1st and 2nd coverings are the same.
- The multifunctional console, with a full wooden finish, features a spacious tabletop, a storage drawer, a built-in USB port, and connectors for adding optional features—blending style, convenience, and versatility. The console can be ordered with its own version code 821 or 823. For order entry please use XXX for alias code and finishing code ST49 ash brown or ST50 ash blonde.
- CUBICOMFORT™ Triple-Motion Technology is a registered trademark. It denotes a set of independent motion systems that activate the various elements of the sofa (seat, backrest, headrest and footrest) allowing each person to adjust their position of absolute comfort to the millimeter.
- Triple motion mechanism (vers. Nxx) activates footrest, headrest and lumbar support. The power mechanism switch is on the external side panel which also allocates a USB charging port.
- Models with triple motion mechanism have a "home" button that resets from the relax position to the original position all in one movement. The "home" button is the first of the three switches and is activated by continuous pressure.

NOTES

---

- A battery pack can be ordered with its own version code 830. For order entry please use XX for category and XXX for cover code. In order to optimize the duration of the battery, it is suggested to order one per each motion seat.
- Versions M93 (2pc) - M55 (3pc) - M46 (2pc) are made and shipped in multiple packages.
- All arms, back and seat surfaces are covered in Top Grain.
- This model is available with split leather exterior covering (Side, Rear and Front Panels)

NOTES

- Available in leather (TG only) or fabric.
- Versions 388/389 (3 seater sofa with one arm left/right and table top on the opposite side) include a wooden side table in ash brown finishing only.
- The versions 388/389 - 047/049 and 847-849 can be displayed as a “stand-alone” element or “connecting” version. For this reason they are provided with both:
  - aesthetic legs (to be used when the versions live as stand-alone)
  - connecting legs (to be used when these versions are connected with other versions).
- The chaise longue version of the model is available with low back (standard version 047/049) or with high back (new versions 847/849). It’s strongly recommended to display the high back chaise longue together with versions 388/389.
- Packaging: Cardboard wrap.
- Feet available in metal finishing 79 (Matte Black)

VISUAL APPEARANCE

The product may reveal various wrinkles due to the combination of Elasticity of the covering, characteristics of the interior construction and the design of the product.

Products with Visual Appearance listed as High or Medium would require higher degree of care, where seats and back cushions may require fluffing and plumping more often than Products with Visual Appearance listed as Low.

NOTES

- Model is available in fabric only.
- Model Roma is available in fabric with code C257 and in leather with code X257. The versions of the models can be combined with each other.
- Manually adjustable backrest through a tilting mechanism: 2 positions, back and forth.
- Manually adjustable arm with ratchet mechanism.
- Versions 754/755 (large armless chair with left/right terminal and adj. backrest) include a ceramic side top on the terminal in jazz white finishing only.
- New modular sectional versions that allow compact configuration solutions by also combining new additional elements such as the “self-standing backrest”. This version has a carefully studied weight placed internally in its base. You can feel free to move it around and place it as needed on the seating surface to easily provide back support.
- 229 version to be used only as a corner while the 100 as a loose ottoman. These versions have same dimensions and look similar, but they differ from each other by the legs positioning.
- To facilitate delivery operations, the backrests will be disassembled and no longer attached to the structure. In the feet box, along with the feet assembly instructions, the backrest assembly instructions will also be included.
- Packaging: Cardboard wrap.
- Feet available in metal finishings 77 (Glossy Chromed) / 79 (Matte Black)

NOTES

- Available in leather (TG only) or fabric.
- Compared to the open base motion models already in collection, this model features a new mechanism that allows to keep clean the sofa bottom, without the wooden shell that usually hide the mechanism under the sofa.
- SINGLE POWER MOTION: Power mechanism that activates a smooth system reclining seat, backrest and footrest for maximum relaxation
- Unique features of its Power Reclining system:
  - allow the headrest to slightly tilt forward simultaneously while reclining to full extent, thanks to a leverage mechanism, delivering optimum support and comfort.
  - allow its off-the-floor underpart to be completely “clear” with no interference, to facilitate “robot vacuum cleaning”.
- Smart touch buttons to activate power reclining functions positioned on the side of the seating
- The armless relax seats have an upholstered switch flap on the side that can be easily hidden between the seats to activate the mechanism.

- By distributing weight evenly across all pressure points, the zero-gravity power motion system makes you feel weightless. It takes the pressure off your spine and can promote circulation in the legs.  
The definition of Zero Gravity Reclining is the ability for your heart to be resting above your feet which provides proven health benefits.
- ZERO GRAVITY™ DUAL POWER MOTION: a unique power motion system that separately and independently activates the different functions, to adjust the seat recliner and the headrest, allowing you to reach extreme comfort in a “zero gravity” position.
- Switch #1: All in One Power Reclining mechanism that simultaneously reclines the back, activates a “comfort tilt” of the seat and a full extension of the footrest, taking you to a “zero gravity” position that will make you experience a total and unparalleled relaxation.

## NOTES

---

- Switch #2: Power Adjustable Headrest which allows you to recline the headrest forward with millimetric precision to support you with a perfect and proper posture.
- Functions are operated by the power switch located on outside panel of the arm which also allocates a USB charging port.
- Second option versions (355/V55/254) with three seats and three cushions have a wider seating vs standard versions (155/T55/064) resulting in a bigger configuration (265 cm/106" vs 238 cm/95,2")
- **PACKAGING & DELIVERY**  
This model has been designed in an innovative way to facilitate the delivery to the final consumer throughout separate packages that have sizes and weight that are easy to handle.
- In fact, on the 3-seater power motion sofa you will have a choice of preferred packaging:
  - > Versions T55, V55 and F46 follow the above redesigned packing with 3 separate boxes (Arms / Seat and Base / Backrest) to maximize space in container as well as to facilitate the handling to final consumer.
  - > Versions 155, 355 and 446 are packaged in 1 single box, that can facilitate warehouse management

VISUAL APPEARANCE

The product may reveal various wrinkles due to the combination of Elasticity of the covering, characteristics of the interior construction and the design of the product.

Products with Visual Appearance listed as High or Medium would require higher degree of care, where seats and back cushions may require fluffing and plumping more often than Products with Visual Appearance listed as Low.

NOTES

- Available in leather (TG only) or fabric.
- Dual power motion recliner: headrest and footrest
- The multifunctional console, with a full wooden finish, features a spacious tabletop, a storage drawer, a built-in USB port, and connectors for adding optional features—blending style, convenience, and versatility. The console can be ordered with its own version code 821 or 823. For order entry please use XXX for alias code and finishing code ST49 ash brown or ST50 ash blonde.
- Functions are operated by the power switch located on outside panel of the arm which also allocates a USB charging port.
- The armless relax seats have an upholstered switch flap on the side that can be easily hidden between the seats to activate the mechanism.
- The switch for version chair without arms with mechanism (versions 338/F38/F25), is on the left hand side of the seat (front view)
- A battery pack can be ordered with its own version code 830. For order entry please use XX for category and XXX for cover code. In order to optimize the duration of the battery, it is suggested to order one per each motion seat.
- Packaging: plastic wrap for stationary versions and cardboard box for motion/sofabed versions
- Feet available in wood finishings 09 (Walnut) / 18 (Wengè)

NOTES

- To allow modularity, the single elements can be put together thanks to the rubber stops under the legs.
- Model Puzzle with its two size module seats (versione 312 or 281) is particularly suitable for "reverse seating" sectional configurations. Seat versions (312, 281) and corner (489) come with loose back cushions in same cover as the rest of the element (the loose back cushion is not orderable separately).
- 2 arms with different dimensions (233 with slim/high arm or vers 225 with large/low arm). The single arm can be used both on left or right side of your sectional throughout a universal connector.
- 2 size ottomans (versions 010 or 100) that can both be used as a terminal element or in the middle of the seats of your sectional.

## NOTES

---

- **SLIDING ADJUSTABLE BACKRESTS:** The backrest has a unique manual sliding system that can customize your comfort by increasing or decreasing the seat depth as you wish. The different positions of the backrest assist your preferable way to relax. The backrest operates as follows: At first you need to slide the backrest all the way to the back, to then slide it forward, finding the best position you want to keep it fixed, for back support. The backrest can have 20 positions.
- **ADJUSTABLE ARMS:** the arms are equipped with a manual ratchet mechanism that you can adjust:
  - for major arm support during formal seating.
  - for extra head support, in case you would like to lay down, in horizontal position.
- Its versatility includes two new elements that can be smartly used to complement your configurations:
  - a “self-standing backrest” (vers. 436)
  - a “self-standing armrest” (vers. 437)

Both are independent versions that “self-stand” thanks to a carefully studied weight placed internally in their base. You can feel free to move them around and place them as needed on the seating surface to easily provide back and arm support.

- **MANUAL & POWER SLIDING OPTIONS:**
  - Manual Sliding Versions: 516-517-492-493-731-732-735
  - Power Sliding Versions: 616-617-727-728-729-730-743**POWER SLIDING MECHANISM** allows the backrest to move forward or backward changing the depth of the seat. This mechanism is activated by two touch buttons placed on the seat.
- To allow modularity, the single elements can be put together thanks to the rubber stops under the legs.
- 212 version to be used only as a chaise longue while the 429 as a rectangular corner. These versions have same dimensions and look similar, but they differ from each other by the stitching.
  - > 429 version has extra stitching placed on the short side.
  - > 212 version has no stitching on all sides.
- A battery pack can be ordered with its own version code 830. For order entry please use XX for category and XXX for cover code. In order to optimize the duration of the battery, it is suggested to order one per each motion seat.

NOTES

- Available in leather (TG only) or fabric.
- By distributing weight evenly across all pressure points, the zero-gravity power motion system makes you feel weightless. It takes the pressure off your spine and can promote circulation in the legs.  
The definition of Zero Gravity Reclining is the ability for your heart to be resting above your feet which provides proven health benefits.
- ZERO GRAVITY™ DUAL POWER MOTION: a unique power motion system that separately and independently activates the different functions, to adjust the seat recliner and the headrest, allowing you to reach extreme comfort in a “zero gravity” position.
- Switch #1: All in One Power Reclining mechanism that simultaneously reclines the back, activates a “comfort tilt” of the seat and a full extension of the footrest, taking you to a “zero gravity” position that will make you experience a total and unparalleled relaxation.
- Switch #2: Power Adjustable Headrest which allows you to recline the headrest forward with millimetric precision to support you with a perfect and proper posture.
- Functions are operated by the power switch located on outside panel of the arm which also allocates a USB charging port.
- A battery pack can be ordered with its own version code 830. For order entry please use XX for category and XXX for cover code. In order to optimize the duration of the battery, it is suggested to order one per each motion seat.
- Internal wooden frame.

NOTES

- Available in leather (TG only) or fabric.
- CUBICOMFORT™ Triple-Motion Technology is a registered trademark. It denotes a set of independent motion systems that activate the various elements of the sofa (seat, backrest, headrest and footrest) allowing each person to adjust their position of absolute comfort to the millimeter.
- Mech. 1: All in One Power Reclining mechanism simultaneously reclines the back and seat and footrest that allows you to reach a horizontal position for unlimited relaxation.
- Mech. 2: Power Lumbar Support allows you to adjust the lower part of the backrest by increasing or decreasing the pressure for a better back support.
- Mech. 3: Power Adjustable Headrest which allows you to recline the headrest forward with millimetric precision and reach a perfect relaxation position for great comfort.
- «Micromobility» Starting from the resting position, the sofa moves imperceptibly to keep the body’s muscles active. It works by slowly tilting the seat and footrest simultaneously with micromovements that improve blood circulation, contributing to a deeper state of relaxation.
- The multifunctional console, with a full wooden finish, features a spacious tabletop, a storage drawer, a built-in USB port, and connectors for adding optional features—blending style, convenience, and versatility. The console can be ordered with its own version code 821 or 823. For order entry please use XXX for alias code and finishing code ST49 ash brown or ST50 ash blonde.
- Switch Panel Pocket: A fully upholstered pocket housing the switch panel enhances the visual appeal of the model, offering a distinctive aesthetic element.

VISUAL APPEARANCE

The product may reveal various wrinkles due to the combination of Elasticity of the covering, characteristics of the interior construction and the design of the product.

Products with Visual Appearance listed as High or Medium would require higher degree of care, where seats and back cushions may require fluffing and plumping more often than Products with Visual Appearance listed as Low.

NOTES

- Available in leather (TG only) or fabric.
- By distributing weight evenly across all pressure points, the zero-gravity power motion system makes you feel weightless. It takes the pressure off your spine and can promote circulation in the legs.  
The definition of Zero Gravity Reclining is the ability for your heart to be resting above your feet which provides proven health benefits.
- ZERO GRAVITY™ DUAL POWER MOTION: a unique power motion system that separately and independently activates the different functions, to adjust the seat recliner and the headrest, allowing you to reach extreme comfort in a “zero gravity” position.
- «Micromobility» Starting from the resting position, the sofa moves imperceptibly to keep the body’s muscles active. It works by slowly tilting the seat and footrest simultaneously with micromovements that improve blood circulation, contributing to a deeper state of relaxation.
- The multifunctional console, with a full wooden finish, features a spacious tabletop, a storage drawer, a built-in USB port, and connectors for adding optional features—blending style, convenience, and versatility. The console can be ordered with its own version code 821 or 823. For order entry please use XXX for alias code and finishing code ST49 ash brown or ST50 ash blonde.
- Switch Panel Pocket: A fully upholstered pocket housing the switch panel enhances the visual appeal of the model, offering a distinctive aesthetic element.
- Feet will be in a bag inside the package and requires assembling.
- Packaging: Cardboard wrap.

NOTES

- Available only in fabric and can be ordered with 2 coverings (same category):  
1st.covering= sofa  
2nd.covering= Backrest pillows
- Sofabed with pull-out mechanism available with or without armrests.  
The opening mechanism operated by advancing the seat through a roto-translating motion, subsequently lowering the backrest to seamlessly transform the sofa into a comfortable bed.
- A compact storage compartment is positioned beneath the seating area, providing an ideal space for organizing pillows and bed linens.
- The orthopedic sleeping surface is designed with an electro-welded steel mesh, coated with durable epoxy powder for enhanced longevity and support.
- Vers.506 and 609 already come with 2 backrest pillows.

VISUAL APPEARANCE

The product may reveal various wrinkles due to the combination of Elasticity of the covering, characteristics of the interior construction and the design of the product.

Products with Visual Appearance listed as High or Medium would require higher degree of care, where seats and back cushions may require fluffing and plumping more often than Products with Visual Appearance listed as Low.

NOTES

- 
- **EXTRACTIBLE SEAT MECHANISM:** This model has an extractible seat mechanism, that assisted by dedicated springs, allow you to swiftly pull-out an extra seating. This brings to a perfect leveled surface, that occasionally can make it become a bed. The mechanism feature doesn't require the removal of any seat nor back cushions. The extracted seat has the same comfort as the one provided when in "sofa" mode (with mechanism closed).
- **Packaging:** Cardboard wrap.

NOTES

- Available in leather (TG only) or fabric.
- By distributing weight evenly across all pressure points, the zero-gravity power motion system makes you feel weightless. It takes the pressure off your spine and can promote circulation in the legs.  
The definition of Zero Gravity Reclining is the ability for your heart to be resting above your feet which provides proven health benefits.
- ZERO GRAVITY™ DUAL POWER MOTION: a unique power motion system that separately and independently activates the different functions, to adjust the seat recliner and the headrest, allowing you to reach extreme comfort in a “zero gravity” position.
- Switch #1: All in One Power Reclining mechanism that simultaneously reclines the back, activates a “comfort tilt” of the seat and a full extension of the footrest, taking you to a “zero gravity” position that will make you experience a total and unparalleled relaxation.
- Switch #2: Power Adjustable Headrest which allows you to recline the headrest forward with millimetric precision to support you with a perfect and proper posture.
- Functions are operated by the power switch located on outside panel of the arm which also allocates a USB charging port.
- A battery pack can be ordered with its own version code 830. For order entry please use XX for category and XXX for cover code. In order to optimize the duration of the battery, it is suggested to order one per each motion seat.
- Internal wooden frame.

## NOTES
