

Made in Germany

Rolf Benz JOLA

nothing but wunderbar.

**ROLF
BENZ**

Where freedom feels at home.

Light seat depths, lounge-like upholstery, abundant style – Rolf Benz JOLA encourages relaxed communication with its versatile, international flair. Available as a floating single and sectional sofa with slimline arm and back structures, it impresses the eye with its lightness and dimensions that offer a wealth of planning possibilities. The carefully thought-out feel-good concept ensures enormous flexibility even at the layout planning stage.

With the Relax corner element and various modules in a range of sizes, there are many ways for this sofa to bring people together. Rolf Benz JOLA looks particularly stunning as a two-piece sectional sofa in the unusual arc version.

The filigree feet are available in polished cast aluminium, traffic black or umbra grey. Two seat heights, an optional ottoman and the wide range of Rolf Benz covers gives you even more freedom to customise your lounge environment.

Everything fits in beautifully with your needs.

The many Rolf Benz JOLA loose back cushions offer plenty of choice: different widths provide plenty of additional space for reclining or more visual transparency, depending on your preferences. Upright seating comfort is guaranteed with the version featuring the concealed-stitching neck cushion. For a “mix & match” style, the material and colour of the sofa body can differ. Positioned on the side sections, the cushions afford a congenial face-to-face conversation between two people – with their legs totally relaxed on the soft upholstery.

Living light.

To match Rolf Benz JOLA and other sofa ranges, the Cologne-based design studio kaschkasch has created the stylish Rolf Benz 931 family of furniture, comprising a coffee table, shelving unit and serving trolley. Thanks to metal foot or lockable castors, these high-quality companions in solid wood (natural oak, black oak or American walnut) or natural stone (graphite brown or Carrara) are especially flexible when it comes to how they are used and also work brilliantly as individual pieces. In traffic black, umbra grey, ochre beige or Marrone metallic, their frames are perfectly matched with Rolf Benz JOLA.

- Seat heights available

A close-up photograph of a dark grey, textured fabric, likely a suit jacket. The image shows the lapel and pocket area, with the fabric having a fine, woven texture. The lighting is soft, highlighting the contours and folds of the material.

// The loose backrest cushions with a down-like character can be positioned wherever you like, on the back as well as on the side section.

// Various additional cushions allow you to create your own individual favourite positions. For special, high-backed comfort, backrest cushions are available with a hidden, sewn-in neck cushion.

*These elements are only shown in the left version. They are also available in the right version.
