

NOVAMOBILI

Dedalo

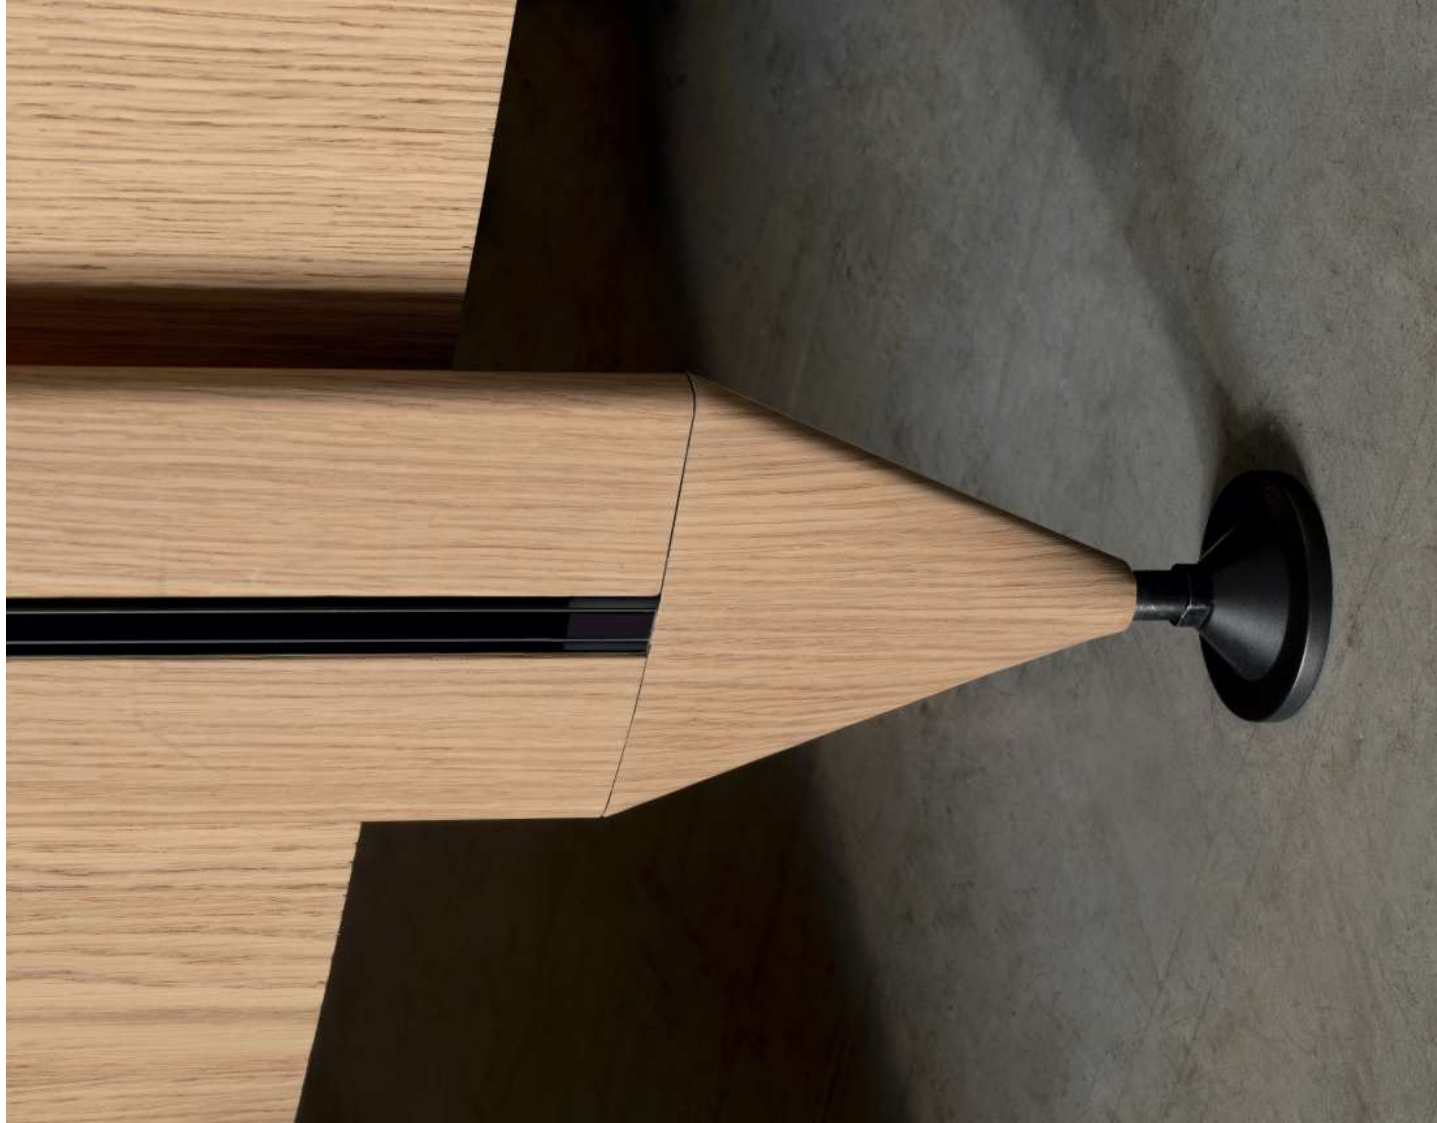

Dedalo è infinita libertà progettuale. Un sistema a montanti versatile e ingegnoso, pensato per adattarsi con fluidità a ogni ambiente: dal living alla zona notte, fino allo spazio ufficio. La struttura portante combina montanti con attacco a parete o a soffitto e ripiani in vetro fumé, cuoio, light stone, essenza e laccato, incorniciati da un telaio in alluminio. A questi elementi si possono aggiungere contenitori, cassettiere e altri accessori, per progettare cabine armadio, librerie divisorie o pareti attrezzate, con ampia possibilità di personalizzazione nelle combinazioni e nelle finiture. I moduli di Dedalo, con larghezze variabili offrono anche la possibilità di progettare composizioni bifacciali, finite su entrambi i lati.

Dedalo equals endless design freedom. Our new Dedalo system, a clever and versatile combination of uprights designed to fit seamlessly into any interior: from the living area to the bedroom, and even offices spaces. The load-bearing structure uses wall-or ceiling-mounted uprights paired with shelves in smoked glass, leather, light stone, wood finishes and lacquered options set in an aluminium frame. These elements can be complemented with storage units, drawer units and other accessories to design walk-in wardrobes, room-dividing bookcases or whole storage walls, offering plenty of scope for customizing with different combinations and finishes. With Dedalo modules, with variable widths you also have the option of designing double-sided configurations, finished on both sides.

DEDALO SYSTEM

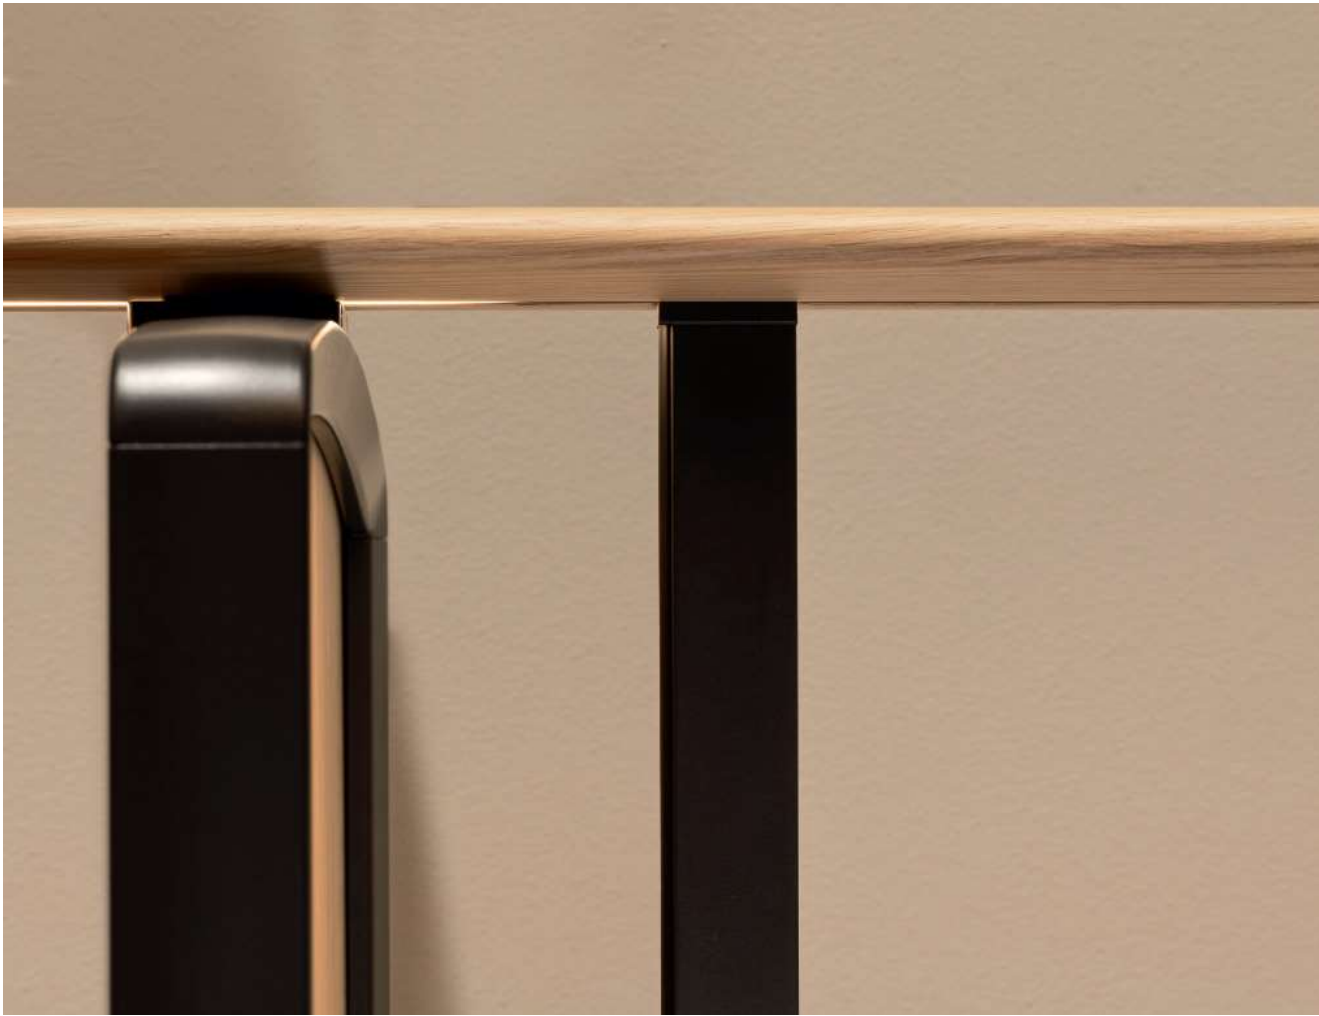

Dettagli prodotto *Product details*

Ripiani e contenitori, disponibili anche con cassetti, si agganciano ai montanti attraverso una scanalatura centrale, garantendo una solida e stabile integrazione. Il profilo curvo degli elementi e un dettaglio raffinato che evidenzia la cura artigianale. I montanti possono essere integrati con una fonte di illuminazione LED, parziale o totale, che consente di illuminare ripiani e cassettiere, aggiungendo funzionalità senza compromettere l'estetica del sistema.

Shelves and storage units, which also come with drawers, attach to the uprights by means of a central groove, ensuring the resulting combination is solid and stable. The elements' curved edge is a refined detail that gives a handcrafted look. The uprights can incorporate a partial or full-height LED light source to illuminate the shelves and drawer units, adding functionality without compromising the system's aesthetics.

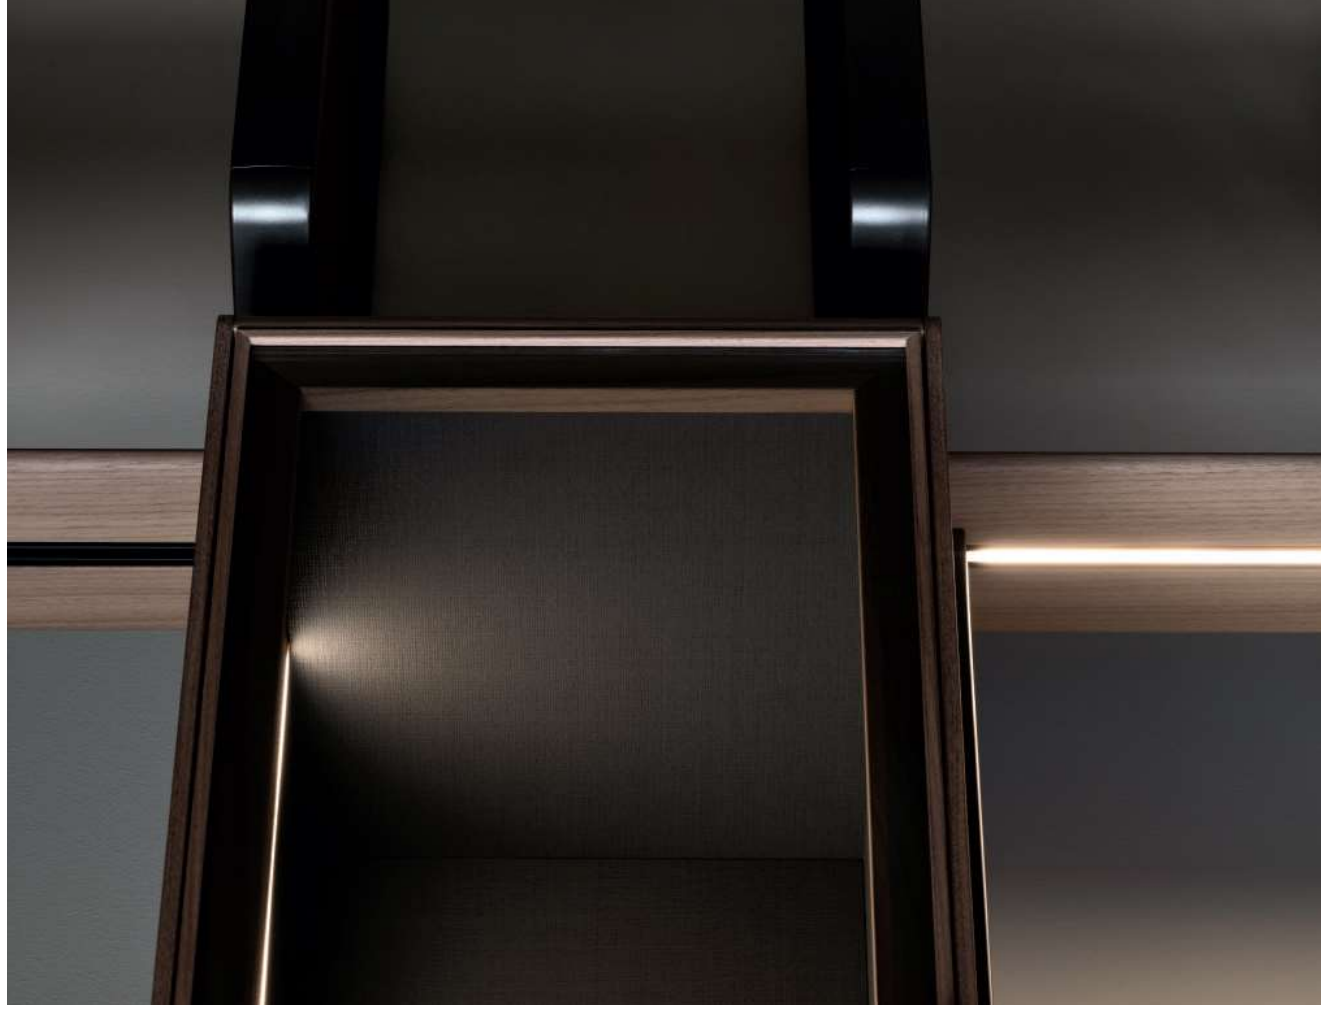

Ripiani e contenitori possono essere configurati con diverse altezze, permettendo una personalizzazione completa delle soluzioni. Dedalo offre inoltre la possibilità di fissare ai montanti un pratico tubo appendiabiti ed un porta TV con staffa orientabile per il televisore.

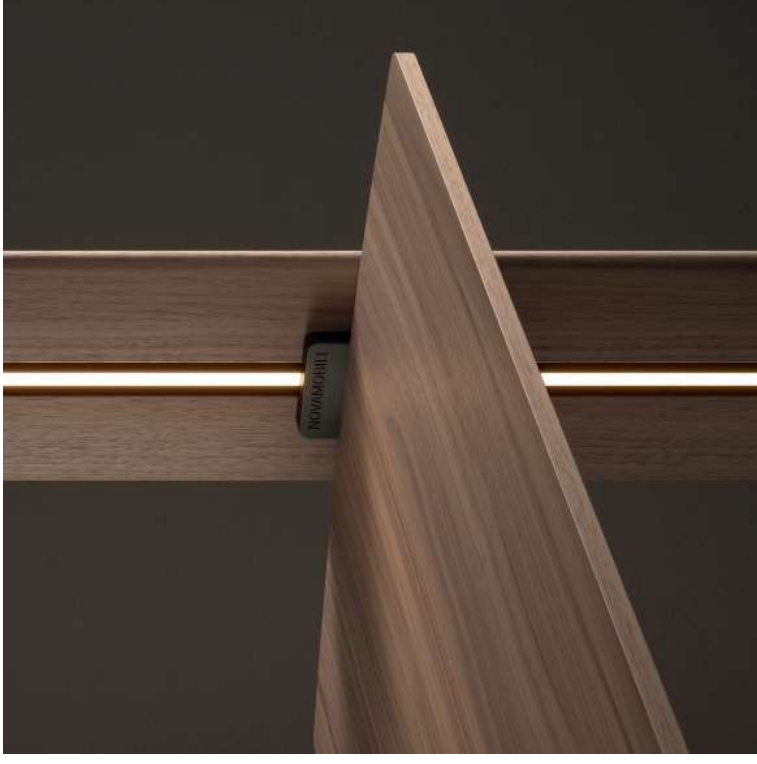

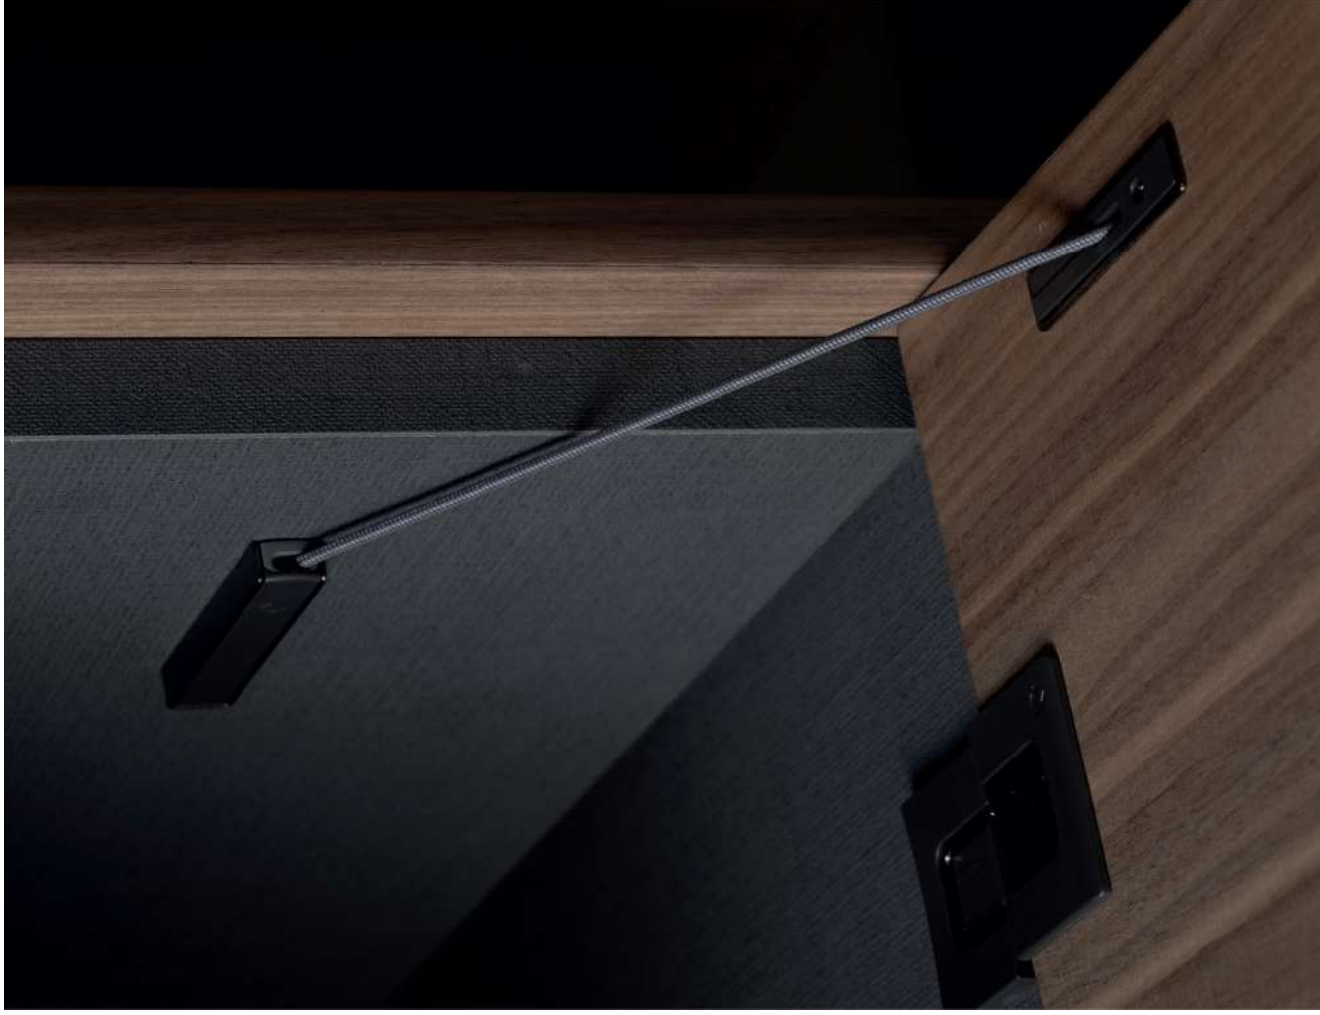

Shelves and storage units can be configured with different heights, allowing you to fully tailor solutions to individual requirements. With Dedalo, you also have the option of attaching a practical hanging rail to the upright as well as an accessory with a swivel mounting bracket for the TV.

Le ante a telaio con vetro fumé sono una soluzione raffinata per i contenitori: mantengono l'integrità visiva del sistema adattandosi ai diversi stili di arredamento. I contenitori possono essere ulteriormente completati dall'illuminazione LED, posizionata all'interno o all'esterno sotto il piano inferiore.

The smoked glass framed doors make for a refined storage solution: they maintain the system's visual integrity, blending with a range of decor styles. LED lighting can be located inside the units or externally under the bottom shelf to add the finishing touch to storage units.

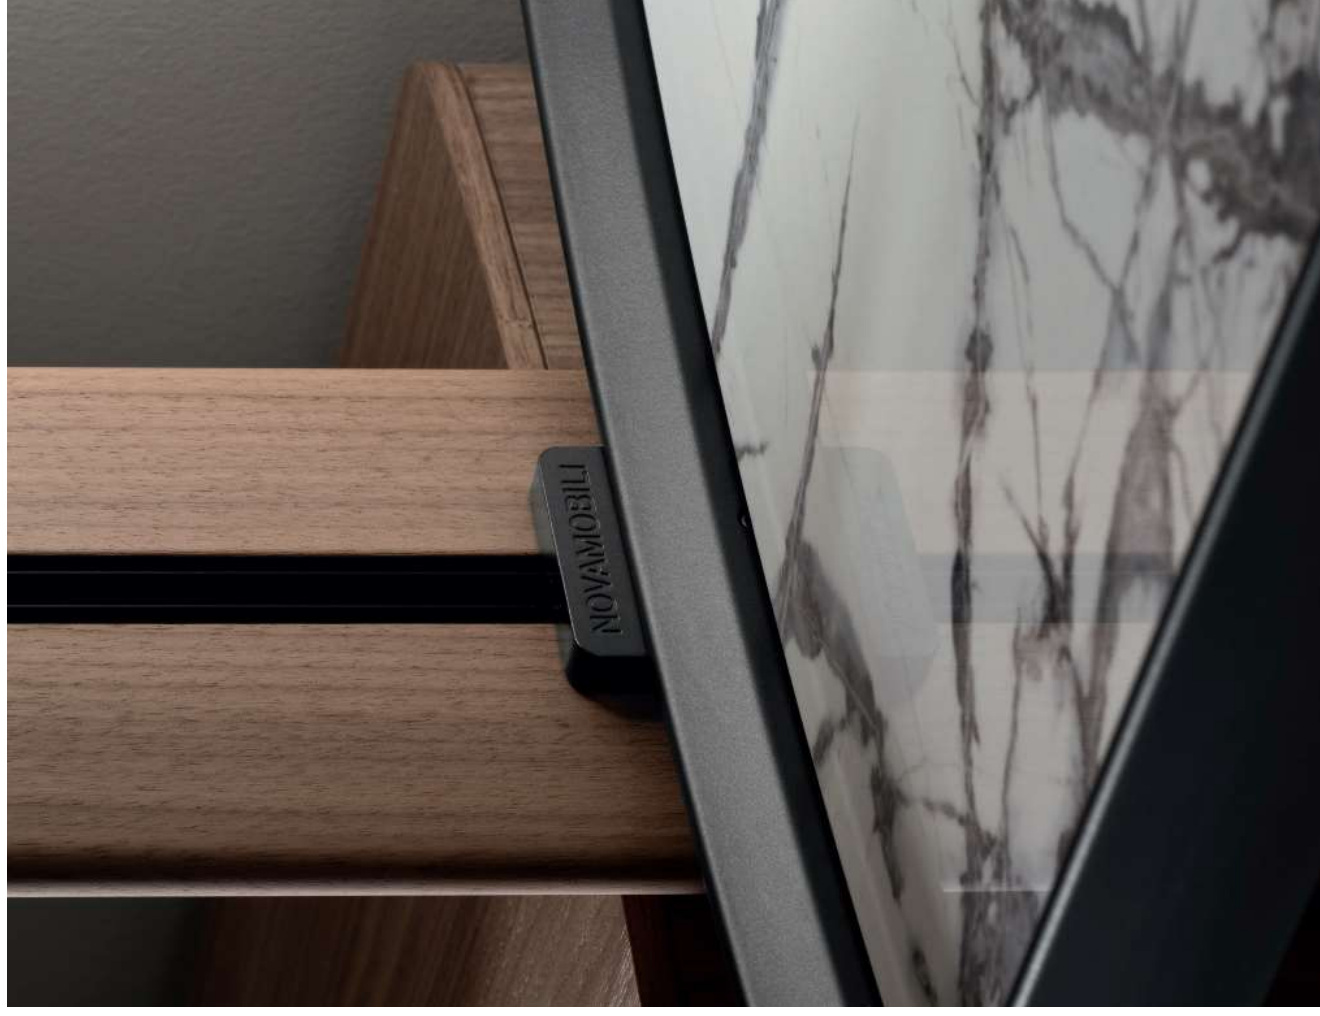

I ripiani portabottiglie e portabottiglie rivestiti in cuoio sono una delle numerose opzioni disponibili per personalizzare il sistema Dedalo con accessori che aggiungono funzionalità e stile.

Leather-lined wine glass and bottle racks are just one of the numerous available options for customizing the Dedalo system with accessories that add function and style.

Il ripiano in light stone, moderno e resistente, è l'ideale per ambienti di design contemporaneo, mentre lo scrittoio, con una leggera svasatura nella parte inferiore, conferisce un tocco di raffinatezza e artigianalità.

Modern and strong, the light stone shelf is ideal for interiors with a contemporary design aesthetic, while the desk with the slightly tapered underside brings a touch of refinement and craftsmanship.

Ambienti casa

Home spaces

Fissato a soffitto, Dedalo può essere configurato come libreria divisoria per organizzare gli open space mantenendo gli ambienti aperti e luminosi, grazie a ripiani in vetro e moduli finiti su entrambi i lati che offrono la possibilità di progettare composizioni bifacciali.

When ceiling mounted, Dedalo can be configured as a room-dividing bookcase to organize an open-plan layout, keeping rooms open and light filled with a combination of glass shelves and modules finished on both sides, allowing you to design double-sided configurations.

Arricchito con staffa porta TV orientabile, scrittoio, ripiani in legno e contenitori abbinati, il sistema Dedalo con fissaggio al soffitto crea un'atmosfera sofisticata e accogliente anche nel living contemporaneo, senza rinunciare allo stile. L'apertura a ribalta con cavo tensore e cerniera piana assicura un movimento fluido e preciso, garantendo un facile accesso agli spazi contenitivi del sistema Dedalo.

Enhanced with a TV mounting system, writing shelf, wooden shelves and matching storage units, the ceiling-mounted Dedalo system creates a sophisticated and welcoming atmosphere in contemporary living areas, too, without skimping on style. The pull-down door with cable stay and lay-flat hinge ensures smooth and precise opening, providing easy access to the Dedalo system's storage spaces.

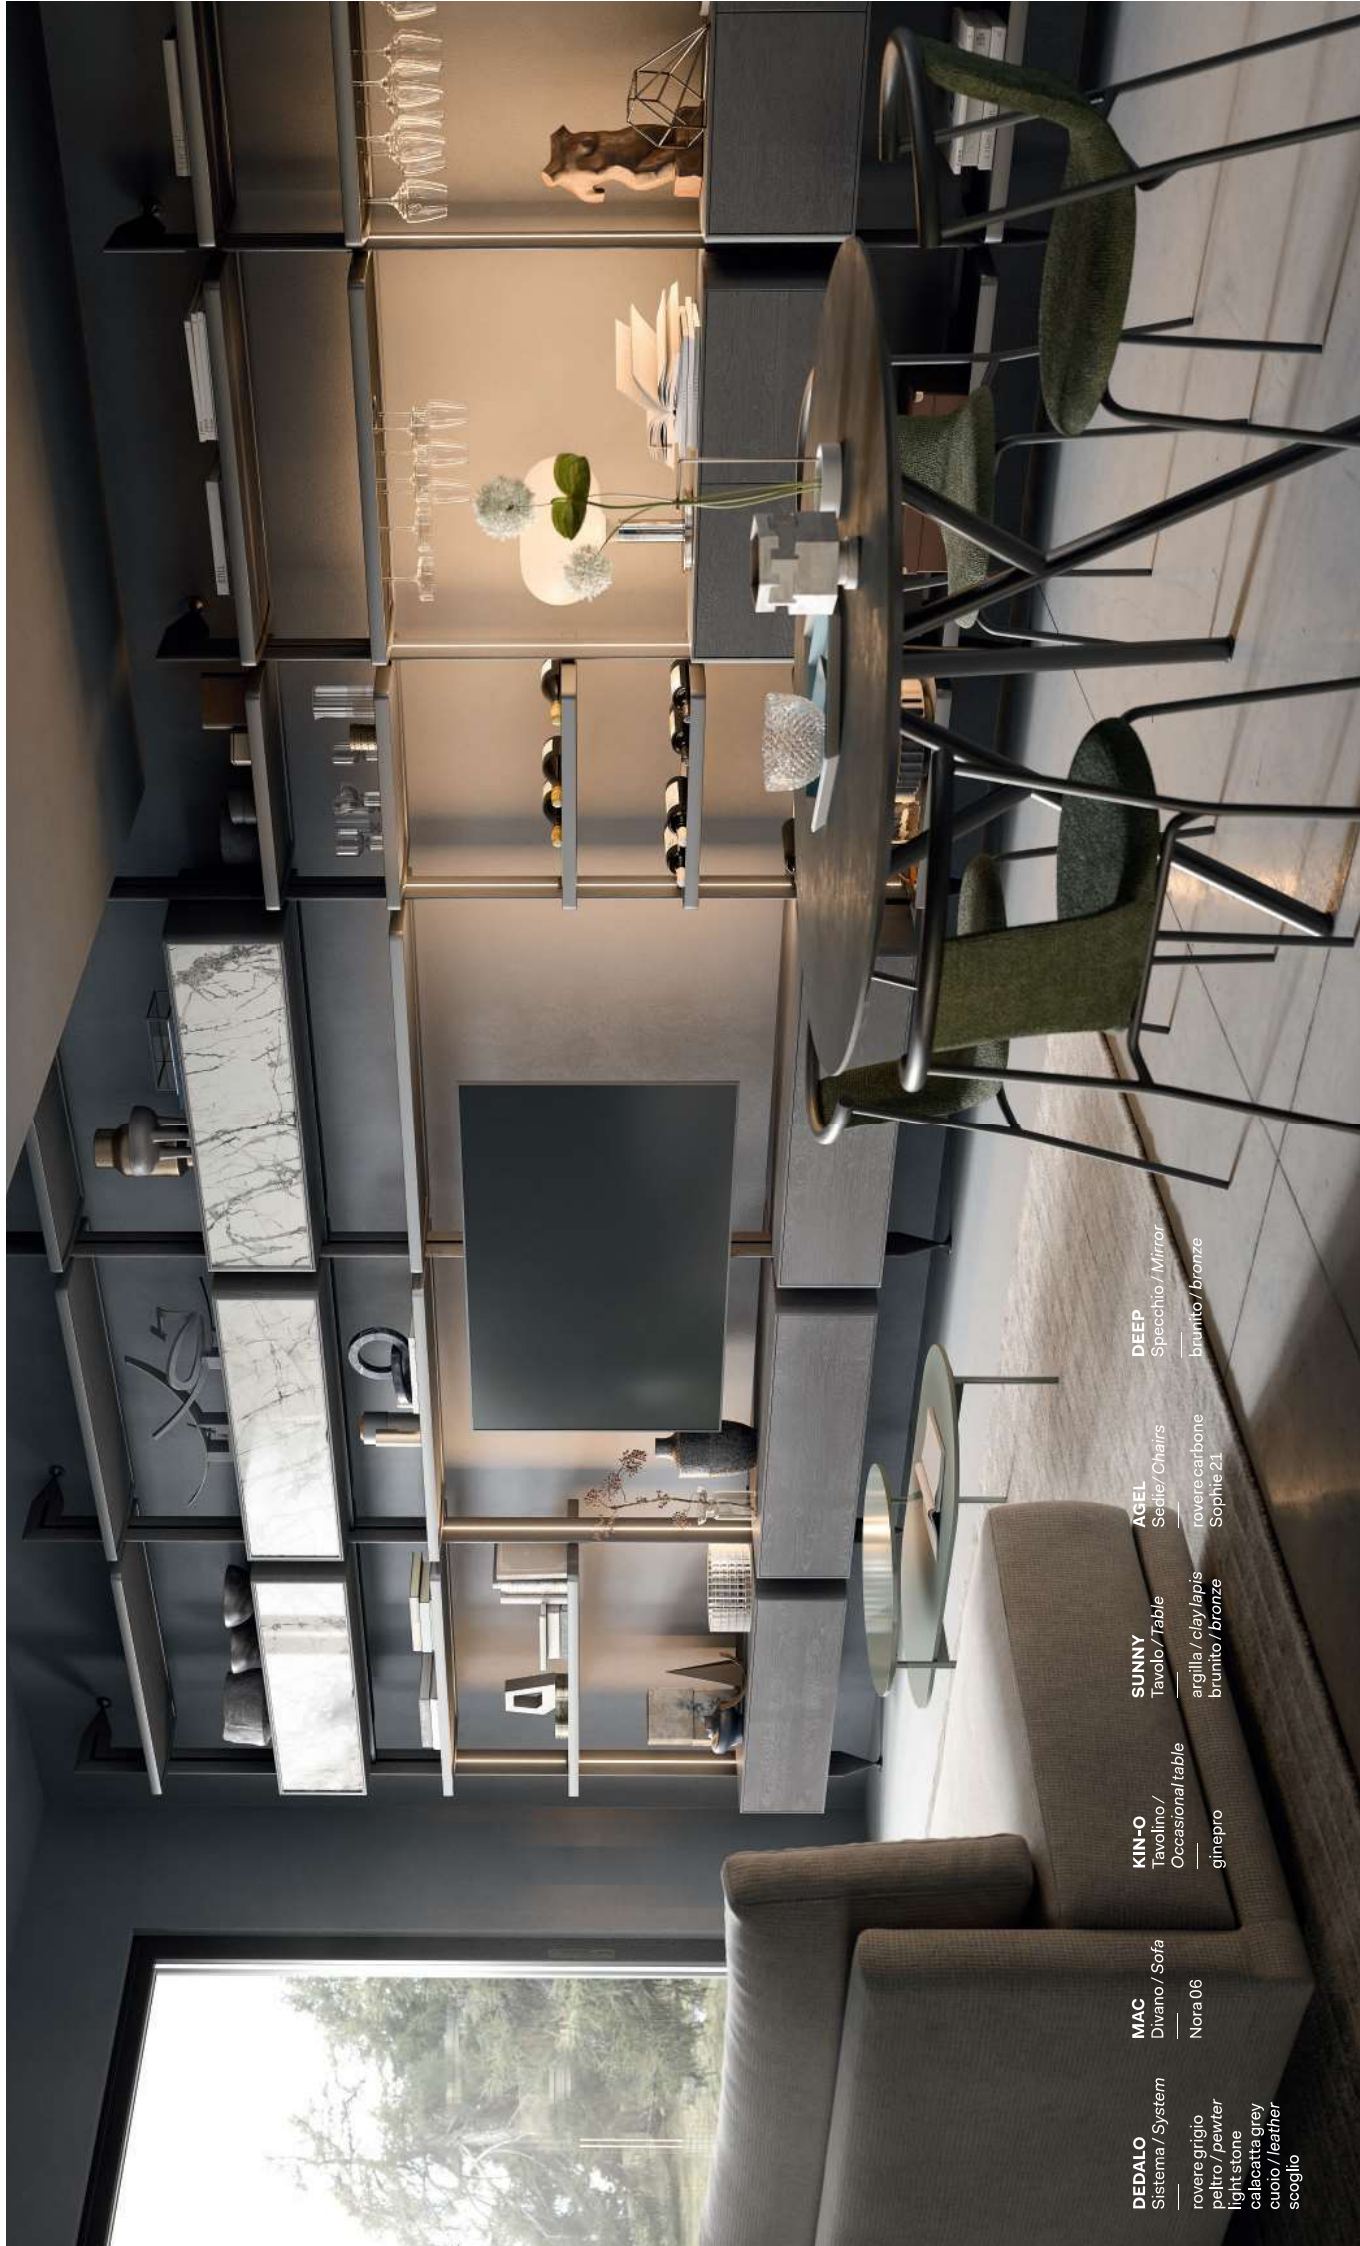

Dedalo può diventare anche angolo bar, con ripiani portabottiglie e portabicchieri, e moduli contenitori con ante in vetro. Una soluzione sofisticata per la convivialità.

Dedalo can also serve as a home bar, with bottle and wine glass racks teamed with storage modules behind glass doors. A sophisticated solution for entertaining.

Dedalo definisce il living con un segno grafico deciso, enfatizzato dal fissaggio a parete. I ripiani accessoriati con portabicchieri e portabottiglie valorizzano lo spazio con dettagli che uniscono raffinatezza e quotidianità.

Dedalo defines the living area by giving it a sharp graphic feel, emphasized by the wall mounting. The shelves accessorized with wine glass and bottle racks enhance the space with details that combine refinement and everyday function.

Una parete attrezzata essenziale e funzionale, pensata per ambienti moderni che coniugano libertà progettuale e ricercatezza formale. Le ante telaio in light stone donano profondità tattile e preziosità materica all'intero progetto.

A pared-back and functional storage wall, designed for modern interiors that blend design freedom and stylish form. The framed doors in light stone give the whole design a tactile depth and an opulent materiality.

Dedalo esprime la sua versatilità in ogni ambiente della casa. In ingresso, dà forma a una configurazione progettata per accogliere in modo elegante e funzionale. Guardaroba, scrittoio, cassettiere e ripiani si combinano con sobrietà, organizzando ogni cosa con coerenza e misura.

Dedalo's versatility shines through in every room in the home. In the entrance, it comes together in a configuration designed to greet occupants and visitors with elegance and function. With a low-key combination of wardrobe, desk, drawer units and shelves, everything is organized with cohesion and restraint.
